

**Gates Public Library Take & Makes for Teens**  
**PAPERCLIP ANGELS**

Your kit should contain: 1 butterfly paperclip, 1 pink bead, 1 length of gold ribbon (11 in.)

Begin by slightly spreading the paperclip open...just a little bit, to make it easier to work with

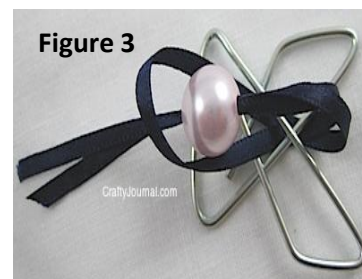

1. Thread the ends of the ribbon through the hole in the bead. If necessary, use an opened paperclip to help push the ribbon through. (Figure 1)

2. Push the looped end of the ribbon through the paperclip as shown in the picture. (Figure 2)

3. Pull the ends and bead through the loop and pull up snugly against the top of the paperclip center. (Figure 3)

4. Make another knot on top of the bead.  
Pull the knot as close to the top of the bead as possible...keep the knot somewhat loose so it doesn't fall through the bead (Figure 4) **THIS STEP IS OPTIONAL IF YOU ARE HANGING YOUR ANGEL**

5. Make another knot at the ends of the ribbon, and you are all done! (Figure 5)
