

Instructions for Snowman Gift Tag and Christmas Tree Ornament

Items you are given: 2 white gift tags (to decorate), 4 buttons, 1 piece of black paper, length of curling ribbon, 1 pipe cleaner, 1 craft stick, several beads, silver star stickers, and an ornament hanger

Items you will need: scissors, glue and pen or marker

Snowman Gift Tag (you have enough supplies to make TWO)

Step 1: Glue 2 buttons onto one of the white tags so they look like a snowman. Cut a top hat out of the black paper and glue it into place. (Remember to save some black paper for the second tag.)

Step 2: Make a small bow from the curling ribbon, and glue it on the snowman (at the place where the buttons meet). Be sure to save enough ribbon for the second tag too.

Step 3: Thread another piece of curling ribbon through the top hole of the tag (You can use this to attach to a gift.) Be sure to save enough ribbon for the second tag too.

Step 4: Repeat the above steps to make a second tag.

Step 5: When the tags are completely done, write a message or Giver/Receiver information on the backs.

Christmas Tree Ornament

Step 1: Fold your pipe cleaner in a zig-zag fashion so that it resembles a tree (small at the top and gradually getting larger).

Step 2: Glue your folded pipe cleaner onto the craft stick. Leave a bit of room at the top for the stars.

Step 3: Glue the beads onto the pipe cleaner tree. These will be the ornaments or lights on your tree.

Step 4: Put the silver star stickers at the top, overlap them so they create a mass of stars at the top of the craft stick.

Step 5: Once everything is completely dry, glue the ornament hanger to the back, letting it stick out at the top so you can hang it on your Christmas Tree (or wherever you want a decoration).
