

DIY Halloween Cards

Things you are given:

- Green paper
- Orange paper
- Black paper
- Brown paper
- Googly eyes

Things you will need:

- Glue
- Scissors

Frankenstein:

Step 1: First, fold over a large piece of green paper and trace around the square template to make the head.

Step 2: Using the template, cut out and trace the hair, eyebrow and mouth on black paper (or create your own Frankenstein face). Glue to the card. Glue googly eyes on top of the eyebrow.

Pumpkin:

Step 1: Fold over a large piece of orange paper and trace around the template to make the head.

Step 2: Cut out the face pieces from black paper. You can use the template or create your own face!

Step 3: Cut out a leaf from the green paper and a stem from the brown paper. Glue them to the back of the card.

Step 4: Write a spooky greeting and give to someone special!

Happy Halloween!
