

The Monroe County Library System is here for families during this difficult time. We are all trying to figure out homeschooling and life. We remain here for you! Libraries are streaming storytime and more. As the current situation evolves, more resources appear every day. Below is a list of resources to help support your family. This is not a comprehensive list. Check your child's school website for resources supported by your school district. We will continue to add sites daily on the Central Library of Rochester & Monroe County Facebook page. We invite you to share your sites with us. Together, we will get through this.
