How to hoopla on iOS

The hoopla Digital mobile app can be found in the App Store on your iOS device. Search for "hoopla Digital" to find and download the app. hoopla will run on iOS 13 and up. For the best results, it is recommended to use the latest versions of both the operating system and hoopla app.

Sign Up

Using your library card, create an account. Once your account is set up, you'll sign in with the email address and password you created.

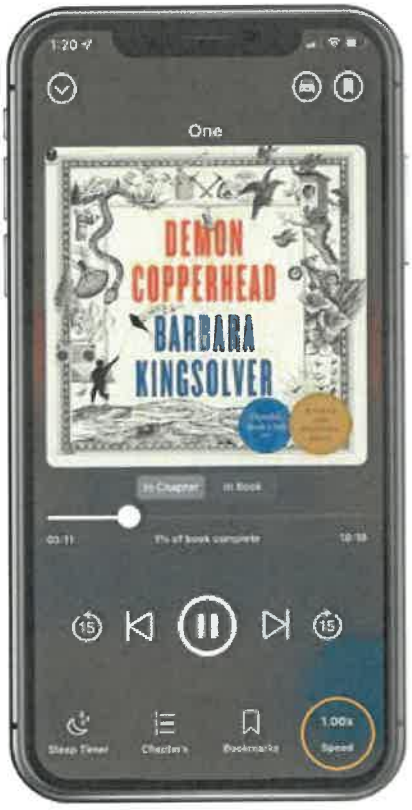
Search & Borrow

Search for audiobooks, eBooks, comics and manga, music, movies, TV, and more with BingePass. Then borrow a title by clicking on the title's icon and tapping **Borrow**.

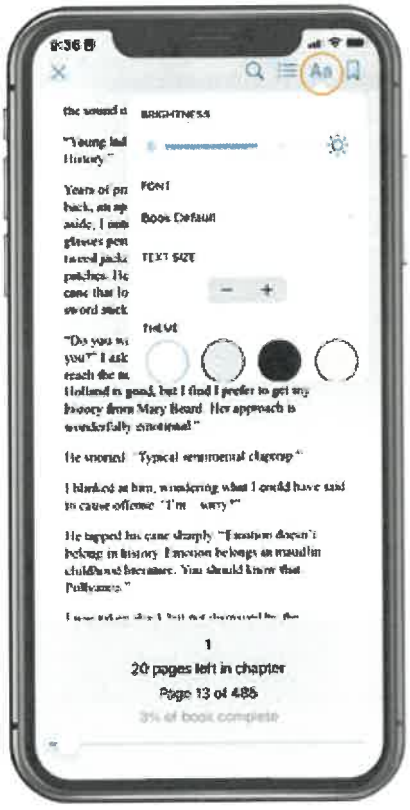
Enjoy

Stream the item or download it to your device to read, listen, or watch it. You'll need to download it if you plan on using your item without Wi-Fi.

After borrowing a title, to download content on to your iOS device, tap the **Download to your device** option (in blue text) below the play button. Once it is fully downloaded, you can play the title without a Wi-Fi connection.



While playing the audiobook, expand the media player to gain access to all of the player controls. Tap the **1.00x** text on the bottom right of the screen to change the speed of the audio. By default, your book will play at 1.0x speed, but you can customize to your preference from 0.5x to 4x playback speed.



While reading an eBook, if you want to adjust the text, formatting, or color of the page, tap **Aa** in the top right corner to access the Reader Settings menu. Once you have made your chosen adjustments, tap off the menu to return to your title.
